Alcohol and Other Drugs in the Australian Workplace

*Submitted* 15 November 1993 to the Drugs of Dependence (DoD) Branch, Department of Health,  
Australia.

Published: *Victorian Humanist*, Feb. 1994: 4.

**Main points made**

The need for intensive educational campaign to change this strong cultural trait. Safety related tests for alcohol and other drugs of dependence that affect performance should be carried out in the workplace.
